**AUTOMOBILE DEALER PLAINTIFFS' MOTION FOR PRELIMINARY APPROVAL  
OF PROPOSED SETTLEMENT WITH MITSUBA DEFENDANTS AND  
PROVISIONAL CERTIFICATION OF SETTLEMENT CLASSES**

Pursuant to Federal Rule of Civil Procedure 23(c) and (e), Automobile Dealer Plaintiffs hereby move the Court for an Order to:

- (1) Preliminarily approve the proposed settlement of the above-captioned litigation with Mitsuba Corporation and American Mitsuba Corporation (collectively, "MITSUBA Defendants");
- (2) Provisionally approve the proposed Settlement Classes;
- (3) Stay the proceedings against the MITSUBA Defendants in accordance with the terms of the Settlement Agreement;
- (4) Authorize Automobile Dealer Plaintiffs to provide notice of the Settlement Agreement to members of the Settlement Classes in a form approved by the Court at a later time; and
- (5) Appoint Interim Co-Lead Class Counsel for Automobile Dealer Plaintiffs as Settlement Classes Counsel for purposes of this settlement.

In support of this Motion, Automobile Dealer Plaintiffs rely upon and incorporate by reference herein the facts and legal arguments set forth in the accompanying Memorandum of Law.

The parties do not request a hearing for this motion. The MITSUBA Defendants consent to this motion and to the entry of the proposed order.

**MEMORANDUM IN SUPPORT OF AUTOMOBILE  
DEALER PLAINTIFFS' MOTION FOR PRELIMINARY APPROVAL OF  
PROPOSED SETTLEMENT WITH MITSUBA DEFENDANTS AND  
PROVISIONAL CERTIFICATION OF SETTLEMENT CLASSES**

**STATEMENT OF ISSUES PRESENTED**

1. Whether the settlement between Automobile Dealer Plaintiffs (“ADs”) and MITSUBA Corporation and American Mitsuba Corporation (collectively, “MITSUBA” or “MITSUBA Defendants”), embodied in the Settlement Agreement entered into on August 30, 2017 (“Settlement Agreement”) and attached hereto as Exhibit 1, is fair, reasonable, and adequate and should be preliminarily approved;
2. Whether the Court should provisionally certify the Settlement Classes under Federal Rule of Civil Procedure (“Rule”) 23(a) and (b)(3);
3. Whether the Court should stay the proceedings by ADs against MITSUBA in accordance with the terms of the Settlement Agreement;
4. Whether the Court should authorize Settlement Class Counsel to provide notice of the Settlement Agreement to Members of the Settlement Classes (as defined in the Settlement Agreement) at a later time;<sup>1</sup> and
5. Whether the Court should appoint Interim Co-Lead Class Counsel for ADs as Settlement Class Counsel for this settlement.

Automobile Dealership Plaintiffs (“ADs”), on behalf of themselves and all others similarly situated, by and through undersigned Interim Co-Lead Class Counsel, respectfully submit this memorandum in support of their motion seeking preliminary approval of a settlement with MITSUBA and provisional certification of the proposed Settlement Classes.

### **PRELIMINARY STATEMENT**

Windshield Wiper Systems, Radiators, Starts, Automotive Lamps, Electric Powers Steering Assemblies, Fan Motors, Fuel Injection Systems, Powers Window Motors, and Windshield Washer Systems are among the Automotive Parts at issue in these coordinated proceedings, *In re Automotive Parts Antitrust Litigation* (“Auto Parts”), MDL No. 2311. For this settlement, “Relevant Parts” includes each of the following automotive parts, as well as their respective components, and modules and assemblies for which the parts are a component:

“Windshield Wiper Systems” are devices used to remove rain and debris from a vehicle’s windshield. Windshield Wiper Systems generally consist of an arm, pivoting at one end and with a long rubber blade attached to the other. The blade is swung back and forth over the glass, pushing water from its surface. A vehicle has two front Windshield Wiper Systems and sometimes also a back Windshield Wiper.

“Radiators,” include radiator fans, are devices that help to prevent automotive vehicles from overheating. Radiators are a form of heat exchanger, usually filled with a combination of water and antifreeze, which extracts heat from inside the engine block and includes an electrical fan, which forces cooler outside air into the main portion of the radiator. The radiator indirectly exposes coolant, heated by traveling through the engine block, to cool air as the vehicle moves. Radiators are replaced when a vehicle consistently overheats.

“Starters” are devices that power a vehicle’s battery to “turn over” and start when the driver turns the ignition switch. When a Starter is damaged, a vehicle will not turn on.

“Automotive Lamps” include headlamps and rear combination lamps installed by automobile original equipment manufacturers (“OEMs”). A headlamp is an Automotive Lamp installed in the front of an automobile, which consists of lights such as headlights, a clearance lamp, and turn signals. A rear combination lamp is an Automotive Lamp installed in the rear of an automobile, which consists of lights such as a backup lamp, stop lamp, tail lights, and turn signals.

“Electric Powered Steering Assemblies” link the steering wheel to the tires, and include the column, intermediate shaft, and electronic control unit, among other parts, but do

not include the steering wheel or tires. “Pinion-Assist Type Electric Powered Steering Assemblies” provide power to the steering gear pinion shaft from electric motors to assist the driver to more easily steer the automobile. Pinion-Assist Type Electric Powered Steering Assemblies include an electronic control unit and link the steering wheel to the tires. Pinion-Assist Type Electric Powered Steering Assemblies are a subset of Electric Powered Steering Assemblies. The term “Electric Powered Steering Assemblies,” includes Pinion-Assist Type Electric Powered Steering Assemblies as well as all component parts of the assemblies, including the steering column, intermediate shaft, electronic control unit, and electric power steering motors.

“Fan Motors” are small electric motors used to turn radiator cooling fans.

“Fuel Injection Systems” admit fuel or a fuel/air mixture into engine cylinders and may include injectors, high pressure pumps, rail assemblies, feed lines, electronic throttle bodies, airflow meters, engine control units, fuel pumps, fuel pump modules, manifold absolute pressure sensors (“MAP Sensors”), pressure regulators, pulsation dampers, purge control valves and other components sold as a unitary system. Fuel Injection Systems can also be sold as part of a broader system, such as an engine management system. Fuel Injection Systems are part of the powertrain segment of the automotive market.

“Power Window Motors” are small electric motors used to raise and lower vehicle windows.

“Windshield Washer Systems”, whether sold together or separately, are defined to include one or more of the following: the pump, hoses, nozzle and tank necessary to deliver washer fluid to vehicle windows.

These actions arise from an alleged conspiracy among some of the automotive industry’s largest manufacturers, marketers, and sellers of the Relevant Parts, including Windshield Wiper Systems, Radiators, Starters, Automotive Lamps, Electric Powers Steering Assemblies, Fan Motors, Fuel Injection Systems, Powers Window Motors, and Windshield Washer Systems, to fix the prices, rig bids, and allocate the market and customers in the United States for such products. For pretrial purposes, this Court previously consolidated and coordinated the ADs cases. The Court also appointed the undersigned firms Interim Co-Lead Class Counsel and Interim Liaison Counsel for the Automobile Dealer Actions in the Master Docket for MDL No. 2311. *See* Case Management Order, Master Docket No. 12-md-2311 (Aug. 7, 2012, ECF no. 271). Throughout these cases, Interim Co-

Lead Class Counsel has represented the interests of ADs in these actions, including in settlement negotiations with MITSUBA. This proposed settlement is a result of those efforts.

The United States Department of Justice (“DOJ”) has been investigating conspiracies in the market for automotive parts since at least as early as February 2010, and the Federal Bureau of Investigation (“FBI”) has conducted an ongoing federal antitrust investigation into price fixing, bid rigging and other anticompetitive conduct in the automotive parts industry. As a result of the DOJ investigation, MITSUBA Corporation (1) agreed to plead guilty and pay a \$135 million criminal fine for engaging in a conspiracy to suppress and eliminate competition by agreeing to allocate sales of, to rig bids for, and to fix, raise, and maintain prices of certain automotive parts sold to automobile manufacturers in the United States and elsewhere, from at least as early as January 2000 through at least February 2010, and (2) agreed to cooperate with the DOJ in its investigation into alleged antitrust violation as to automotive parts. *See* Plea Agreement ¶¶ 2, 10, 14, *United States v. MITSUBA Corporation.*, Case No. 2:13-cr-20712-GCS-PJK (E.D. Mich. Nov. 11, 2013 (ECF no. 10)). (Ex. 2.)

The settlement between the ADs and MITSUBA will result in a payment of \$22,800,000.00. This total settlement amount is the sum of the payments being made to each AD Settlement Class:

\$10,387,939.70 to the Windshield Wiper Systems Settlement Class;

\$1,157,185.93 to the Radiators Settlement Class;

\$2,986,532.66 to the Starters Settlement Class;

\$76,381.91 to the Automotive Lamps Settlement Class;

\$53,467.34 to the Electric Powered Steering Assemblies Settlement Class;

\$1,157,185.93 to the Fan Motors Settlement Class;

\$435,376.88 to the Fuel Injection Systems Settlement Class;

\$6,057,085.43 to the Power Window Motors Settlement Class; and

\$488,844.22 to the Windshield Washer Systems Settlement Class

Settlement Agreement ¶ 16.

The settlement also requires MITSUBA to provide cooperation in the form of attorney proffers, interviews with and depositions of witnesses, and the production of certain documents (including transactional data), related to the claims asserted in these cases. Such cooperation will assist the ADs in this litigation and the ability to obtain such information informally is valuable.

As with other AD settlements, MITSUBA's sales will remain in the case for purposes of computing the treble damages claim against any non-settling Defendants and shall be part of any joint and several liability claims against future Defendants. *See* Settlement Agreement ¶ 54. The ADs and the proposed Settlement Classes retain their ability to recover from the remaining or future Defendants, the entire damages caused by the alleged conspiracies, even those attributable to MITSUBA, less only the amount paid by MITSUBA in settlement.

ADs and their Interim Lead Counsel believe, for all the reasons set forth, the settlement with MITSUBA is in the best interest of the proposed members of the Settlement Classes and merits the Court's preliminary approval. ADs therefore request the entry of an Order:

1. Preliminarily approving the Settlement;
2. Provisionally certifying the proposed Settlement Classes;
3. Staying the proceedings against MITSUBA in accordance with the terms of the Settlement Agreement;
4. Authorizing Settlement Class Counsel to defer providing notice of the Settlement Agreement to class members until a later time; and
5. Appointing Interim Co-Lead Class Counsel for ADs as Settlement Class Counsel for this settlement.

#### **THE BASIC TERMS AND BACKGROUND OF THE SETTLEMENT AGREEMENT**

The Settlement Agreement with MITSUBA arises from extensive arm's length and good faith negotiations, which included mediation. In addition to hard-fought litigation with Defendants,

counsel participated in fact-gathering sessions and informational meetings, as well as extensive negotiations that took place through telephone calls, in-person meetings, and other communications.

**Settlement Classes:** The Settlement Agreement defines the Settlement Classes in this action as:

“Windshield Wiper Systems Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Windshield Wiper System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate thereof, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Windshield Wiper System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Windshield Wiper Systems directly or for resale.

“Radiators Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Radiator(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate thereof, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Radiator(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Radiators directly or for resale.

“Starters Settlement Class” is defined as:

All Automobile Dealerships that, from June 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Starter(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Starter(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and

affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Starters directly or for resale.

“Automotive Lamps Settlement Class” is defined as:

All Automobile Dealerships that, from July 1, 2002 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Automotive Lamp(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Automotive Lamp(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Automotive Lamps directly or for resale.

“Electric Powered Steering Assemblies Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Electric Powered Steering Assembly(ies), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Electric Powered Steering Assembly(ies), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Electric Powered Steering Assemblies directly or for resale.

“Fan Motors Settlement Class” is defined as:

All Automobile Dealerships that, from July 1, 1999 through the Execution Date, purchased a Vehicle in the United States, which included, as a component part, one or more Fan Motor(s), which were manufactured or sold by a Defendant, any current or former subsidiary of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Fan Motor(s), which were manufactured or sold by a Defendant, any current or former subsidiary of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states

and their subdivisions, agencies and instrumentalities, and persons who purchased Fan Motors directly or for resale.

“Fuel Injection Systems Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Fuel Injection System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Fuel Injection System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Fuel Injection Systems directly or for resale.

“Power Window Motors Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Power Window Motor(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Power Window Motor(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Power Window Motors directly or for resale.

“Windshield Washer Systems Settlement Class” is defined as:

All Automobile Dealerships that, from January 1, 2000 through the Execution Date, purchased a Vehicle, which included, as a component part, one or more Windshield Washer System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant, or indirectly purchased, as a replacement part, one or more Windshield Washer System(s), which were manufactured or sold by a Defendant, any current or former subsidiary or affiliate of a Defendant, or any co-conspirator of a Defendant. Excluded from the Settlement Class are Defendants, their parent companies, subsidiaries and affiliates, any co-conspirators, federal governmental entities and instrumentalities of the federal government, states and their subdivisions, agencies and instrumentalities, and persons who purchased Windshield Washer Systems directly or for resale.

Settlement Agreement, ¶ 13.

**Settlement Amount:** MITSUBA has agreed to pay \$22,800,000.00 within thirty (30) days of the entry of an order preliminarily approving this Agreement by the Court. *Id.* ¶ 26. The Settlement Amount shall be paid into an interest-bearing escrow account at Huntington National Bank. *Id.* ¶ 27.

**Cooperation:** MITSUBA has agreed to provide cooperation to the proposed Settlement Classes. A general summary of MITSUBA's cooperation obligations is provided below. The full extent of this cooperation is set forth in more detail in Section F of the Settlement Agreement. MITSUBA's obligation to cooperate includes, among other things, the duty to provide:

35. Identity of Individuals. Within ten (10) business days of the Execution Date of this Agreement, Counsel for MITSUBA shall provide Settlement Class Counsel with the identity of all current and former employees, directors, and officers of MITSUBA who: (1) were interviewed or prosecuted by any Government Entity in connection with alleged price-fixing, bid rigging, and market allocation of one or more Relevant Parts; (2) appeared before the grand jury in the DOJ's investigation into alleged antitrust violations with respect to one or more Relevant Parts; and/or (3) were disclosed to the DOJ as having knowledge or information relating to the DOJ's investigation into alleged antitrust violations with respect to Relevant Parts.

36. Documents. No later than forty-five (45) days after the Execution Date, MITSUBA shall produce to Settlement Class Counsel non-privileged Documents, including any translations, provided to or seized by the DOJ in connection with its investigations into potential violations of competition laws with respect to Relevant Parts.

37. Further Cooperation as to "Actively Litigated Parts." With respect to Actively Litigated Parts (defined as Automotive Lamps, Electric Powered Steering Assemblies, Fuel Injection Systems, Radiators, and Starters, provided that each of these parts will remain an Actively Litigated Part only as long as Automobile Dealership Plaintiffs are continuing to pursue claims with respect to that part against a defendant in the MDL Litigation), MITSUBA shall provide the following additional cooperation:

(a) Attorney Proffers. Within sixty (60) days from the Execution Date MITSUBA's counsel will make themselves available at a mutually agreed location in the United States for a meeting of up to one seven-hour business day for each Actively Litigated Part to provide an attorneys' proffer of facts known to them as to each Actively Litigated Part. Each attorneys' proffer provided pursuant to this

Paragraph shall be contemporaneous with, and not in addition to, the attorneys' proffer as to the same part that MITSUBA has committed to providing under its settlement agreement with the end-payor plaintiffs ("End-Payor Plaintiffs") in the MDL Litigation.

(b) Witness Interviews, Declarations, and Testimony. Upon the request of Settlement Class Counsel, MITSUBA shall make available at a mutually agreed location in the United States up to eight (8) persons for interviews and depositions, provide eight (8) declarations or affidavits from the same persons, and make those persons available to testify at trial. The eight (8) persons made available under this Paragraph shall be coextensive with, and not in addition to, the eight (8) persons that MITSUBA has similarly committed to making available to the End-Payor Plaintiffs for the same purposes as under this Paragraph. Depositions of these eight (8) persons taken under this Paragraph shall be the same depositions of those persons taken under MITSUBA's settlement agreement with the End-Payor Plaintiffs and not additional depositions. Nothing shall be construed to provide that MITSUBA has control over former employees. The depositions shall be limited to a total of seven (7) hours over one (1) day unless the deposition is in a language other than English, in which case the deposition shall be limited to a total of thirteen (13) hours over two (2) days.

(c) Documents Collected and Loaded into a Review Tool. Upon the request of Settlement Class Counsel and subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, and to the extent that the following Documents have been collected and loaded into a review tool, MITSUBA shall begin to produce Documents (including English translations, to the extent they exist) within sixty (60) days of Settlement Class Counsel's request: (1) Documents, including any translations, provided to or seized by Government Entities relating to their investigation into alleged competition violations with respect to Actively Litigated Parts; (2) non-privileged Documents concerning Actively Litigated Parts collected and reviewed in connection with a communication, meeting, or agreement regarding Actively Litigated Parts, by any employee, officer, or director of MITSUBA with any employee, officer, or director of another manufacturer or seller of Actively Litigated Parts, but that were not provided to or seized by Government Entities; (3) Documents concerning MITSUBA's determination of MITSUBA's prices for Actively Litigated Parts; and (4) Documents soliciting requests for quotation ("RFQ"), bids submitted in response to RFQs, RFQ award notifications, and post-award price adjustments for Actively Litigated Parts, including any Annual Price Reduction ("APR") Documents. Subject to the meet-and-confer referenced above, MITSUBA shall complete the production of the aforementioned Documents within one-hundred and twenty (120) days of Settlement Class Counsel's request.

(d) Documents Not Collected and Loaded into a Review Tool. Upon the request of Settlement Class Counsel and subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, and to the extent that the following Documents have not been collected and loaded into a review tool, MITSUBA shall use reasonable best efforts to produce such Documents (including English translations, to the extent they exist) from centrally-maintained files and from the files of a reasonable number of custodians to be identified by Automobile Dealership Plaintiffs within two hundred and seventy-five (275) days of

Settlement Class Counsel's request: (1) Documents, including any translations, provided to or seized by Government Entities relating to their investigation into alleged competition violations with respect to Actively Litigated Parts; (2) non-privileged Documents concerning Actively Litigated Parts collected and reviewed in connection with a communication, meeting, or agreement regarding Actively Litigated Parts, by any employee, officer or director of MITSUBA with any employee, officer, or director of another manufacturer or seller of Actively Litigated Parts, but that were not provided to or seized by Government Entities; (3) Documents concerning MITSUBA's determination of MITSUBA's prices for Actively Litigated Parts; and (4) Documents soliciting requests for quotation ("RFQ"), bids submitted in response to RFQs, RFQ award notifications, and post-award price adjustments for Actively Litigated Parts, including any Annual Price Reduction ("APR") Documents. To the extent that any such Documents described by this Paragraph 37(d) are not maintained in an active computer system or otherwise require special efforts or procedures to collect and produce, Settlement Class Counsel and MITSUBA shall meet and confer on collecting and producing such Documents.

(e) Authentication and Foundation for Admissibility of Documents and Records. Upon Settlement Class Counsel's reasonable request, MITSUBA will produce through affidavit(s), declaration(s), and/or at trial, in Settlement Class Counsel's discretion, representatives qualified to provide truthful testimony for purposes of authenticating, establishing as a business record, or otherwise establishing any other necessary foundation for admission into evidence of any Documents or transactional data produced or to be produced by MITSUBA. Settlement Class Counsel agrees to use their best efforts to obtain stipulations that would avoid the need to call MITSUBA witnesses at trial for the purpose of obtaining such evidentiary foundations.

(f) Transactional Data. Subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, MITSUBA will use its reasonable best efforts to complete within sixty (60) days after Settlement Class Counsel's request, the production of transactional data concerning MITSUBA's sales of Actively Litigated Parts from June 1, 1995 through the Execution Date, but only to the extent that it exists, is reasonably accessible in MITSUBA's electronic databases (not to include back-up systems or back-up disks/tapes), and that there is a reasonable likelihood that such sales were associated with parts that were incorporated into vehicles sold in the United States. In addition, MITSUBA will provide, in response to a written request from Settlement Class Counsel, a single production of electronic transactional data generated during the two years after the Execution Date of this Agreement concerning Actively Litigated Parts, as it exists in MITSUBA's electronic databases at the time of the request, within (60) days of the receipt of such request, subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production. MITSUBA shall preserve such transactional data until two (2) years after the Execution Date of this Agreement. MITSUBA will produce transaction data only from existing electronic transaction databases, except that to the extent MITSUBA has not recorded or maintained electronic transaction data for any period between June 1, 1995 and two (2) years

from the Execution Date of this Agreement, MITSUBA will use reasonable efforts to produce existing hard copy records of sales transactions not recorded or maintained electronically in the existing electronic sales transaction database.

38. Further Cooperation as to Relevant Parts other than Actively Litigated Parts. With respect to Relevant Parts other than Actively Litigated Parts, if Automobile Dealership Plaintiffs initiate or resume active litigation against a defendant with respect to one or more Relevant Parts for any reason, such Relevant Parts shall be considered "Reactivated Parts." As to such Reactivated Part(s), unless Automobile Dealership Plaintiffs initiate or resume active litigation against MITSUBA with respect to the same Reactivated Part(s) or are likely to do so, MITSUBA shall provide the following additional cooperation until otherwise ordered by the Court, or the date that final judgment has been entered in the respective action against all defendants unless this Agreement is rescinded, disapproved, or otherwise fails to take effect:

(a) Attorney Proffers. Within sixty (60) days after Settlement Class Counsel's request as to a Reactivated Part, MITSUBA's counsel will make themselves available at a mutually agreed location in the United States for a meeting of up to one seven-hour business day to provide an attorneys' proffer of facts known to them as to that Reactivated Part. Each attorney's proffer provided pursuant to this Paragraph shall be contemporaneous with, and not in addition to, the attorneys' proffer as to the same part that MITSUBA has committed to providing under its settlement agreement with the End-Payor Plaintiffs.

(b) Witness Interview, Declarations, and Testimony. Upon the request of Settlement Class Counsel as to each Reactivated Part, MITSUBA shall make available at a mutually agreed location in the United States up to two (2) persons for interviews and depositions, provide two (2) declarations or affidavits from the same persons, and make those same persons available to testify at trial. For each Reactivated Part, the two (2) persons made available under this Paragraph shall be coextensive with, and not in addition to, the two (2) persons that MITSUBA has similarly committed to making available under MITSUBA's settlement agreement with the End-Payor Plaintiffs for the same purposes as under this Paragraph. Depositions of the two (2) persons per each Reactivated Part taken under this Paragraph shall be the same depositions of those persons taken under MITSUBA's settlement agreement with the End-Payor Plaintiffs and not additional depositions. The depositions shall be limited to a total of seven (7) hours over one (1) day unless the deposition is in a language other than English, in which case the deposition shall be limited to a total of thirteen (13) hours over two (2) days. Nothing shall be construed to provide that MITSUBA has control over former employees.

(c) Documents Collected and Loaded into a Review Tool. Upon the request of Settlement Class Counsel and subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, and to the extent that the following Documents have been collected and loaded into a review tool, MITSUBA shall begin to produce Documents (including English translations, to the extent they exist) within sixty (60) days of Settlement Class Counsel's request: (1) Documents, including any translations, provided to or seized by Government Entities relating to their investigation into alleged competition violations with respect to Reactivated Part(s); (2) non-privileged Documents concerning Reactivated Part(s)

collected and reviewed in connection with a communication, meeting, or agreement regarding Reactivated Part(s), by any employee, officer, or director of MITSUBA with any employee, officer, or director of another manufacturer or seller of Reactivated Part(s), but that were not provided to or seized by Government Entities; (3) Documents concerning MITSUBA's determination of MITSUBA's prices for Reactivated Part(s); and (4) Documents soliciting requests for quotation ("RFQ"), bids submitted in response to RFQs, RFQ award notifications, and post-award price adjustments for Reactivated Part(s), including any Annual Price Reduction ("APR") Documents. Subject to the meet-and-confer referenced above, MITSUBA shall complete the production of the aforementioned Documents within one-hundred and twenty (120) days of Settlement Class Counsel's request.

(d) Documents Not Collected and Loaded into a Review Tool. Upon the request of Settlement Class Counsel and subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, and to the extent that the following Documents have not been collected and loaded into a review tool, MITSUBA shall use reasonable best efforts to produce such Documents (including English translations, to the extent they exist) from centrally-maintained files and from the files of a reasonable number of custodians to be identified by Automobile Dealership Plaintiffs within two hundred and seventy-five (275) days of Settlement Class Counsel's request: (1) Documents, including any translations, provided to or seized by Government Entities relating to their investigation into alleged competition violations with respect to Reactivated Part(s); (2) non-privileged Documents concerning Reactivated Part(s) collected and reviewed in connection with a communication, meeting, or agreement regarding Reactivated Part(s), by any employee, officer or director of MITSUBA with any employee, officer, or director of another manufacturer or seller of Reactivated Part(s), but that were not provided to or seized by Government Entities; (3) Documents concerning MITSUBA's determination of MITSUBA's prices for Reactivated Part(s); and (4) Documents soliciting requests for quotation ("RFQ"), bids submitted in response to RFQs, RFQ award notifications, and post-award price adjustments for Reactivated Part(s), including any Annual Price Reduction ("APR") Documents.

(e) Authentication and Foundation for Admissibility of Documents and Records. Upon Settlement Class Counsel's reasonable request, MITSUBA will produce through affidavit(s), declaration(s), and/or at trial, in Settlement Class Counsel's discretion, representatives qualified to provide truthful testimony for purposes of authenticating, establishing as a business record, or otherwise establishing any other necessary foundation for admission into evidence of any Documents or transactional data produced or to be produced by MITSUBA. Settlement Class Counsel agrees to use their best efforts to obtain stipulations that would avoid the need to call MITSUBA witnesses at trial for the purpose of obtaining such evidentiary foundations.

(f) Transactional Data. Subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production, MITSUBA will use its reasonable best efforts to complete the production of transactional data, no later than sixty (60) days after Settlement Class Counsel's request, concerning MITSUBA's sales of Reactivated Part(s) from June 1, 1995 through the Execution

Date but only to the extent that it exists, is reasonably accessible in MITSUBA's electronic databases (not to include back-up systems or back-up disks/tapes), and that there is a reasonable likelihood that such sales were associated with parts that were incorporated into vehicles sold in the United States. In addition, MITSUBA will provide, in response to a written request from Settlement Class Counsel, a single production of electronic transactional data generated during the two years after the Execution Date of this Agreement concerning Reactivated Part(s), as it exists in MITSUBA's electronic databases at the time of the request, within (60) days of the receipt of such request, subject to the parties' meeting and conferring regarding any extensions concerning the timing of the completion of production. MITSUBA shall preserve such transactional data until five (5) years after the Execution Date of this Agreement. MITSUBA will produce transaction data only from existing electronic transaction databases, except that to the extent MITSUBA has not recorded or maintained electronic transaction data for any period between June 1, 1995 and two (2) years from the Execution Date of this Agreement, MITSUBA will use reasonable efforts to produce existing hard copy records of sales transactions not recorded or maintained electronically in the existing electronic sales transaction database.

40. *Further Cooperation as to Parts other than Relevant Parts.* With respect to any automotive part that is the subject of the MDL Litigation that is not a Relevant Part, MITSUBA will consider in good faith any reasonable request by Automobile Dealership Plaintiffs to provide information regarding collusion with respect to any such automotive part and to collect and produce Documents (including English translations, to the extent they exist) in MITSUBA's possession, custody, or control regarding any such part, provided, however, that MITSUBA shall be entitled to seek reimbursement from Automobile Dealership Plaintiffs of its costs of providing such information or producing such Documents to the same extent as if MITSUBA were responding to a subpoena served pursuant to Rule 45 of the Federal Rules of Civil Procedure.

*Id.* at ¶¶ 35-38, 40.

**Released Claims:** The Settlement Agreement releases only MITSUBA (and its respective past and present, direct and indirect parents, subsidiary companies, and affiliates, including their respective predecessors, successors, and assigns, and each and all of the present and former principals, partners, officers, directors, supervisors, employees, agents, stockholders, members, representatives, insurers, attorneys, heirs, executors, administrators, and assigns) from, *inter alia*, all Settlement Classes Member and their respective Releasors' claims arising out of or relating in any way to any conduct alleged in the Complaints, or any act or omission of Releasees (or any of them) concerning Relevant Parts,

including but not limited to any conduct and causes of action alleged or asserted or that could have been alleged or asserted, in any class action or other complaint filed in the Actions. *Id.* at ¶ 24.

The release does not include: (1) any claims made by direct purchasers of Relevant Parts; (2) any claims made by end-payor plaintiffs that are indirect purchasers of Relevant Parts; (3) any claims made by truck and equipment dealerships that are indirect purchasers of Relevant Parts; (4) any claims made by any State, State agency, or instrumentality or political subdivision of a State as to government purchases and/or penalties; (5) claims involving any negligence, personal injury, breach of contract, bailment, failure to deliver lost goods, damaged or delayed goods, product defect, securities, or similar claim relating to Relevant Parts; (6) claims concerning any automotive part other than Relevant Parts; (7) claims under laws other than those of the United States or an Indirect Purchaser State relating to purchases of Relevant Parts made by any Releasor outside of the United States; and (8) claims for damages under the state or local laws of any jurisdiction other than an Indirect Purchaser State. *Id.*

## ARGUMENT

The Settlement Agreement is fair, reasonable, and adequate—resulting from extensive, arm’s length negotiations by experienced counsel—and is an excellent resolution of the proposed Settlement Classes’ claims that maximizes their recovery and guarantees cooperation by MITSUBA that may prove invaluable in the continued prosecution of ADs’ claims in this multidistrict litigation.

Approval of a proposed class action settlement proceeds in two steps. First, the court grants preliminary approval to the settlement and provisionally certifies one or more settlement class. Second, after notice of the settlement is provided to the settlement class(es) and the court conducts a fairness hearing, the court may grant final approval to the settlement. *See Manual* § 21.63 { TA \1 "Manual § 21.63" \s "Manual § 21.63" \c 3 }; *see also Bobbitt v. These inquiries are reserved for the final approval stage of the class settlement approval process. In evaluating whether a settlement is fair, reasonable and adequate, courts in the Sixth Circuit consider a number of factors:

(1) the likelihood of success on the merits weighed against the amount and form of relief in the settlement; (2) the complexity expense and likely duration of the litigation; (3) the opinions of class counsel and class representatives; (4) the amount of discovery engaged in by the parties; (5) the reaction of absent class members; (6) the risk of fraud or collusion; and (7) the public interest. The Court may choose to consider only those factors that are relevant to the settlement at hand and may weigh particular factors according to the demands of the case.

*Packaged Ice*{ TA \s "In re Packaged Ice Antitrust Litig." }, 2011 U.S. Dist. LEXIS 17255, at \*46-47 (quotation marks and citations omitted). A court is not required, at the preliminary approval stage, to determine whether it ultimately will finally approve the settlement. Nevertheless, as set forth in detail below, preliminary consideration of the factors a court considers when evaluating the fairness of a settlement for purposes of deciding whether to grant final approval supports this Court’s granting preliminary approval of the Settlement Agreement.

**A. The Settlement Agreement Achieves an Excellent Result for the Proposed Settlement Classes, Particularly Given the Expense, Duration, and Uncertainty of Continued Litigation.**

Antitrust class actions are “arguably the most complex action(s) to prosecute. The legal and factual issues involved are always numerous and uncertain in outcome.” *In re Packaged Ice Antitrust Litig.*, Case No. 08-MDL-01952, 2011 U.S. Dist. LEXIS 150427, at \*76 (E.D. Mich. Dec. 13, 2011) (quoting *Linerboard Antitrust Litig.*, 292 F. Supp. at 639); see also *In re Cardizem CD Antitrust Litig.*, 218 F.R.D. 508, 533 (E.D. Mich. 2003) (“Moreover, the complexity of this case cannot be overstated. Antitrust class actions are inherently complex”). Motions have already been vigorously contested, and the discovery process would be all the more complicated due to the unique issues that attend discovery against foreign parties.<sup>2</sup>

MITSUBA has asserted various defenses, and a jury trial might well turn on close questions of proof, many of which would be the subject of complicated expert testimony, particularly with regard to damages, making the outcome of such trial uncertain for both parties. See, e.g., *Cardizem Antitrust Litig.*, 218 F.R.D. at 523 (in approving settlement, noting that “the prospect of a trial necessarily involves the risk that Plaintiffs would obtain little or no recovery and that “no matter how confident trial counsel may be, they cannot predict with 100% accuracy a jury’s favorable verdict, particularly in complex antitrust litigation”); *Packaged Ice Antitrust Litig.*, 2011 U.S. Dist. LEXIS 17255, at \*53-54 (noting the “undeniable inherent risks” in antitrust class action litigation including “whether the class will be certified and upheld on appeal, whether the conspiracies as alleged in the Complaint can be established, whether Plaintiffs will be able

---

<sup>2</sup> Because Interim Co-Lead Class Counsel may have to litigate against the other defendants through trial and appeal, their duties preclude a more detailed discussion of the potential litigation risks.

to demonstrate class wide antitrust impact and ultimately whether Plaintiffs will be able to prove damages”). *Id.* Given this uncertainty, “[a] very large bird in the hand in this litigation is surely worth more than whatever birds are lurking in the bushes.” *In re Chambers Dev. Sec. Litig.*, 912 F. Supp. 822, 838 (W.D. Pa. 1995){ TA \l "In re Chambers Dev. Sec. Litig., 912 F. Supp. 822 (W.D. Pa. 1995)" \s "In re Chambers Dev. Sec. Litig." \c 1 }.

Moreover, given the stakes involved, an appeal is nearly certain to follow regardless of the outcome at trial. This creates additional risk, as judgments following trial may be overturned on appeal. *See, e.g., In re Farmers Ins. Exchange, Claims Representatives’ Overtime Pay Litig.*, 481 F.3d 1119 (9th Cir. 2007){ TA \l "In re Farmers Ins. Exchange, Claims Representatives’ Overtime Pay Litig., 481 F.3d 1119 (9th Cir. 2007)" \s "In re Farmers Ins. Exchange, Claims Representatives’ Overtime Pay Litig." \c 1 } (\$52.5 million class action judgment following trial reversed on appeal); *Robbins v. Koger Props., Inc.*, 116 F.3d 1441 (11th Cir. 1997){ TA \l "Robbins v. Koger Props., Inc., 116 F.3d 1441 (11th Cir. 1997)" \s "Robbins v. Koger Props." \c 1 } (jury verdict of \$81 million for plaintiffs reversed and judgment entered for defendant). And even if class members were willing to assume all of the litigation risks, the passage of time would introduce still more risks in terms of appeals and possible changes in the law that would, in light of the time value of money, make future recoveries less valuable than recovery today. *See In re Warfarin Sodium Antitrust Litig.*, 391 F.3d 516, 536 (3d Cir. 2004){ TA \l "In re Warfarin Sodium Antitrust Litig., 391 F.3d 516 (3d Cir. 2004)" \s "In re Warfarin Sodium Antitrust Litig." \c 1 } (“[I]t was inevitable that post-trial motions and appeals would not only further prolong the litigation but also reduce the value of any recovery to the class.”); *In re Rent-Way Sec. Litig.*, 305 F. Supp. 2d 491, 501 (W.D. Pa. 2003){ TA \l "In re Rent-Way Sec. Litig., 305 F.Supp.2d 491 (W.D. Pa. 2003)" \s "In re Rent-Way Sec. Litig." \c 1 } (“[A] future recovery, even one in excess of the proposed Settlement, may ultimately prove less valuable to the Classes than

receiving the benefits of the proposed Settlement at this time”). Hence, “the certain and immediate benefits to the Class represented by the Settlement outweigh the possibility of obtaining a better result at trial, particularly when factoring in the additional expense and long delay inherent in prosecuting this complex litigation through trial and appeal.” *Cardizem*{ TA \s "In re Cardizem CD Antitrust Litig." }, 218 F.R.D. at 525.

Against this background, a settlement providing the substantial benefits afforded here represents an excellent result for the members of the proposed Settlement Classes. MITSUBA’s \$22,800,000.00 payment provides for significant compensation to the proposed Settlement Classes that will be available years earlier than if litigation against MITSUBA continued through trial and appeal. Settlements of this type create value beyond their direct pecuniary benefit to the class. *See In re Linerboard Antitrust Litig.*, 292 F. Supp. 2d 631, 643 (E.D. Pa. 2003); *In re Corrugated Container Antitrust Litig.*, 1981 WL 2093, \*16 (S.D. Tex. Jan. 27, 1981){ TA \s "In re Corrugated Container Antitrust Litig." } (“*Corrugated Container*”).

The Settlement Agreement requires MITSUBA to provide cooperation to the ADs’ counsel by providing transactional data, factual proffers, interviews, documents, depositions, and trial testimony, among other cooperation. *See* Settlement Agreement § F (¶¶ 34-47). This cooperation is valuable and will afford the ADs access to transactional data, documents, and witnesses without further litigation and expensive discovery—a significant class-wide benefit. *See, e.g., In re Packaged Ice Antitrust Litig.*{ TA \s "In re Packaged Ice Antitrust Litig." }, Case No. 08-MD-01952, 2010 U.S. Dist. LEXIS 77645, at \*44 (E.D. Mich. Aug. 2, 2010) (“Particularly where, as here, there is the potential for a significant benefit to the class in the form of cooperation on the part of the settling Defendant, this Court is reluctant to refuse to consider the very preliminary approval that will trigger that cooperation”); *see also Linerboard*{ TA \s "In re Linerboard Antitrust Litig." }, 292 F. The Settlement Agreement does not alter joint and several liability of non-settling Defendants or future Defendants for the full damages caused by the alleged conspiracies. *See* Settlement Agreement ¶ 54. In this regard, the Settlement Agreement is similar to other settlements approved in this litigation and one of the settlements approved in *Corrugated Container*{ TA \s "In re Corrugated Container Antitrust Litig." }, where the court noted the “valuable provision” under which plaintiffs reserved their right to recover full damages from other current or future defendants, less the actual amount of the initial settlement. 1981 WL 2093, at \*17; *see also In re Uranium Antitrust Litig.*, 617 F.2d 1248 (7th Cir. 1980){ TA \l "In re Uranium Antitrust Litig., 617 F.2d 1248 (7th Cir. 1980)" \s "In re Uranium Antitrust Litig." \c 1 }; *In re Ampicillin Antitrust Litig.*, 82 F.R.D. 652, 654 (D.D.C. 1979){ TA \l "In re Ampicillin Antitrust Litig., 82 F.R.D. 652 (D.D.C. 1979)" \s "In re Ampicillin Antitrust Litig." \c 1 } (approving settlement where class will “relinquish no part of its potential recovery” due to joint and several liability).

**B. The Settlement Agreement is the Result of Thorough Arm’s-Length Negotiations Conducted by Highly Experienced Counsel.**

## **II. The Proposed Settlement Classes Should be Provisionally Certified Pursuant to Rule 23.**

The Manual notes the propriety of certifying a class solely for purposes of settlement, *see Manual* § 21.32, and courts in this Circuit routinely provisionally approve a proposed settlement class before deciding plaintiffs’ motion for class certification. *See, e.g., In re Delphi Corp. Sec. Derivatives & ERISA Litig.*, 248 F.R.D. 483, 486 n. 2 (E.D. Mich. 2008){ TA \l "In re Delphi Corp. Sec. Derivatives &

A court may grant provisional certification where, as here, the proposed settlement class satisfies the four prerequisites of Rule 23(a){ TA \s "Fed. R. Civ. P. 23" } (numerosity, commonality, typicality and adequacy), as well as one of the three subsections of Rule 23(b){ TA \s "Fed. R. Civ. P. 23" }. *See In re Packaged Ice Antitrust Litig.*{ TA \s "In re Packaged Ice Antitrust Litig." }, No. 08-MD-01952, 2010 U.S. Dist. LEXIS 140235, at \*27-28 (E.D. Mich. Sept. 2, 2010).

While the Supreme Court recently reiterated that a trial court must conduct a "rigorous analysis" to confirm that the requirements of Rule 23{ TA \s "Fed. R. Civ. P. 23" } have been met, *Wal-Mart Stores, Inc. v. Dukes*, 131 S. Ct. 2541, 2551 (2011){ TA \l "Wal-Mart Stores, Inc. v. Dukes, 131 S.Ct. 2541 (2011)" \s "Wal-Mart Stores, Inc. v. Dukes" \c 1 }, "the requisite 'rigorous analysis' of the record and consideration of the merits must be focused on and limited to the question whether the Rule's requirements have been established." *Cason-Merenda v. VHS of Mich., Inc.*, 2013 U.S. Dist. LEXIS 131006, at \*20-21 (E.D. Mich. Sept. 13, 2013){ TA \l "Cason-Merenda v. VHS of Mich., Inc., Case No. 06-15601, 2013 U.S. Dist. LEXIS 131006 (E.D. Mich. 722 F.3d 838 (6th Cir. 2013)" \s "In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig." \c 1 }. Permissible inquiry into the merits of plaintiffs' claims at the class certification stage is limited:

Rule 23 grants courts no license to engage in free-ranging merits inquiries at the class certification stage. Merits questions may be considered to the extent—but only to the extent—that they are relevant to determining whether the Rule 23 prerequisites for class certification are satisfied.

*Amgen Inc. v. Conn. Ret. Plans & Trust Funds*, 133 S. Ct. 1184, 1194-95 (2013) (“*Amgen*”) { TA \l "*Amgen Inc. v. Conn. Retirement Plans & Trust Funds*, 133 S.Ct. 1184 (2013)" \s "*Amgen Inc. v. Ct. at 2552 n.6). “In other words, district courts may not turn the class certification proceedings into a dress rehearsal for the trial on the merits.” *In re Whirlpool Corp.* { TA \s "*In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig.*" }, 722 F.3d 838, 851-52 (internal quotation marks and citation omitted). Here, as demonstrated below, even under a “rigorous analysis,” the requirements of Rule 23 { TA \s "Fed. R. Civ. P. 23" } are easily met.

#### **A. The Proposed Settlement Classes Meet the Requirements of Rule 23(a).**

**i. The Proposed Settlement Class Members are so Numerous that it is Impracticable to Bring All Class Members Before the Court.**

The "sheer number of potential litigants in a class, especially if it is more than several hundred, can be the only factor needed to satisfy Rule 23(a)(1){ TA \s "Fed. R. Civ. P. 23" }." *In re Foundry Resins Antitrust Litig.*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 403 (citing *Bacon v. The proposed settlement classes at issue in this action involve all automobile dealers in the U.S. from January 1, 2000 through August 30, 2017 that purchased one or more new automobiles containing one or more Relevant Parts, or that indirectly purchased one or more Relevant Parts as

replacement parts. Because there are thousands of such automobile dealerships geographically distributed throughout the United States, joinder is highly impractical, if not impossible, for all of the proposed Settlement Class members.

**ii. Automobile Dealer Plaintiff Class Representatives and the Proposed Settlement Classes Share Common Legal and Factual Questions.**

Commonality only requires that “there are questions of law or fact common to the class.” Fed. R. Civ. P. 23(a)(2){ TA \s "Fed. R. Civ. P. 23" }. While Rule 23(a)(2){ TA \s "Fed. R. Civ. P. 23" } speaks of questions of law or fact in the plural, “there need be only one common question to certify a class.” *In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig.*, 722 F.3d at 853{ TA \s "In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig." }; *see also Cason-Merenda*{ TA \s "Cason-Merenda v. VHS of Mich., Inc." }, 2013 U.S. Dist. LEXIS 131006, at \*22 (one common question of law or fact is sufficient); *Griffin v. Flagstar Bancorp Inc.*, 2013 U.S. Dist. LEXIS 173702{ TA \s "Griffin v. Flagstar Bancorp, Inc." } (same); *Date v. Sony Elecs., Inc.*, Case No. 07-15474, 2013 U.S. Dist. LEXIS 108095, at \*10 (E.D. Mich. July 31, 2013){ TA \l "Date v. Sony Elecs., Inc., Case No. 07-15474, 2013 U.S. Dist. LEXIS 108095 (E.D. Mich. July 31, 2013)" \s "Date v. Sony Elecs., Inc." \c 1 } (same).

This prerequisite is readily satisfied here because “antitrust price-fixing conspiracy cases, by their nature, deal with common legal and factual questions about the existence, scope and effect of the alleged conspiracy.” *In re Aluminum Phosphide Antitrust Litig.*, 160 F.R.D. 609, 613 (D. Kan. 1995){ TA \l "In re Aluminum Phosphide Antitrust Litig., 160 F.R.D. 609 (D. Kan. 1995)" \s "In re Aluminum Phosphide Antitrust Litig." \c 1 }. Thus, in price fixing cases, courts “have consistently held that the very nature of a conspiracy in an antitrust action compels a finding that common questions of law and fact exist.” *In re Dynamic Random Access Memory (DRAM) Antitrust Litig.*, No. M 02-1486 PJH, 2006 U.S. Dist. LEXIS 39841 (N.D. Cal. June 5, 2006){ TA \l "In re Dynamic Random Access Memory (DRAM) Antitrust Litig.,

No. M 02-1486 PJH, 2006 U.S. Dist. LEXIS 39841  
 (N.D. Cal. June 5, 2006)" \s "In re Dynamic Random Access Memory (DRAM) Antitrust Litig." \c 1  
 }; *see also Newberg*{ TA \s "4 Herbert B. Newberg & Alba Conte, *Newberg on Class Actions* § 11.41  
 (4th ed. 2005)" } § 3:10 at 278 ("[In an] antitrust action on behalf of purchasers who have bought  
 defendants' products at prices that have been maintained above competitive levels by unlawful  
 conduct, the courts have held that the existence of an alleged conspiracy or monopoly is a common  
 issue that will satisfy the Rule 23(a)(2){ TA \s "Fed. R. Civ. P. 23" } prerequisite").

Through the course of this litigation, ADs have already identified the following issues common  
 to the proposed Settlement Classes:

- Whether Defendants and their co-conspirators engaged in a combination and conspiracy among themselves to fix, raise, maintain or stabilize the prices of or rig bids for Automotive Parts sold in the United States;
- The identity of the participants of the alleged conspiracy;
- The duration of the alleged conspiracy and the acts carried out by Defendants and their co-conspirators in furtherance of the conspiracy;
- Whether the conspiracy violated state antitrust and unfair competition laws;
- Whether Defendants unjustly enriched themselves to the detriment of the Plaintiffs and the members of the Class;
- Whether the conduct of Defendants and their co-conspirators caused injury to the business or property of Plaintiffs and the members of the Class;
- The effect of the conspiracy on the prices of Automotive Parts sold in the United States during the Class Period;
- Whether the Defendants and their co-conspirators fraudulently concealed the conspiracy's existence from the Plaintiffs and the members of the Class; and
- The appropriate class-wide measure of damages, injunctive, and equitable relief for members of the Class.

(See Windshield Wiper Systems Compl. ¶ 199; Radiators Compl. ¶ 158; Starters Compl ¶ 236; Automotive Lamps Compl. ¶ 216; Electronic Powered Steering Assemblies Compl. ¶ 230; Fan Motors Compl. ¶ 135; Fuel Injection Systems Complaint ¶ 242; Power Window Motors Compl. ¶ 191; Windshield Washers Systems Compl. ¶ 195). Any one of these substantive issues would, standing alone, establish the requisite commonality under Rule 23(a)(2){ TA \s "Fed. R. Civ. P. 23" }.

**iii. Automobile Dealer Plaintiff Class Representatives' Claims are Typical of the Claims of the Members of the Proposed Settlement Classes.**

Third, Rule 23(a) requires typicality of the class representatives' claims. See Fed. R. Civ. P. 23(a)(3){ TA \s "Fed. R. Civ. P. 23" }. "The [typicality] requirement is not onerous," *Int'l Union, UAW v. Ford Motor Co.*, 2006 U.S. Dist. LEXIS 70471, at \*54{ TA \s "Int'l Union, UAW v. Ford Motor Co." }, and courts liberally construe it. See *In re Foundry Resins Antitrust Litig.*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 403. "In the antitrust context, typicality is established when the named plaintiffs and all class members allege[] the same antitrust violation by defendants." *Cason-Merenda*{ TA \s "Cason-Merenda v. VHS of Mich., Inc." }, 2013 U.S. Dist. LEXIS 131006, at \*25 (quoting *In re Foundry Resins Antitrust Litig.*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 405); see also *Stout v. J.D. Byrider*, 228 F.3d 709, 717 (6th Cir. 2000){ TA \l "Stout v. J.D. Byrider, 228 F.3d 709 (6th Cir. 2000)" \s "Stout v. J.D. Byrider" \c 1 }; *In re Am. Med. Sys.*{ TA \s "In re Am. Med. Sys., Inc." }, 75 F.3d at 1082; *Packaged Ice*{ TA \s "In re Packaged Ice Antitrust Litig." }, 2011 U.S. Dist. LEXIS 17255, at \*40-41. "If there is a strong similarity of legal theories, the requirement [of typicality] is met, even if there are factual distinctions among named and absent class members." *Griffin v. Flagstar Bancorp, Inc.*, 2013 U.S. Dist. LEXIS 173702, at \*17-18{ TA \s "Griffin v. Flagstar Bancorp, Inc." } (quotation marks and citation omitted); *Packaged Ice*{ TA \s "In re Packaged Ice Antitrust Litig." }, 2011 U.S. Dist. LEXIS 17255, at \*40 (same).

Because the AD Plaintiff Class representatives and the members of the proposed Settlement Classes believe they are all victims of the conspiracies to fix prices, rig bids, and allocate the market

and customers for Automotive Parts and seek the same relief, Rule 23(a)(3){ TA \s "Fed. R. Civ. P. 23" } is satisfied. *See Cason-Merenda*{ TA \s "Cason-Merenda v. VHS of Mich., Inc." }, 2013 U.S. Dist. LEXIS 131006, at \*26 (finding typicality met where “the claims of the named Plaintiffs and those of the remaining members of the proposed class all arise from the same conspiracy and are based on the same theory of liability under the Sherman Act.”) (internal quotation marks and citation omitted); *Packaged Ice*{ TA \s "In re Packaged Ice Antitrust Litig." }, 2011 U.S. Dist. LEXIS 17255, at \*40-41 (“Because all Class Members’ claims arise from . . . a conspiracy to allocate markets in violation of the Sherman Act, their claims are based on the same legal theory and the typicality requirement . . . is met”).

**iv. Proposed Settlement Class Counsel and Automobile Dealer Plaintiff Class Representatives Will Fairly and Adequately Protect the Interests of the Proposed Settlement Classes.**

The final requirement of Rule 23(a){ TA \s "Fed. R. Civ. P. 23" } is that the representative parties “fairly and adequately protect the interests of the class.” Fed. R. Civ. P. 23(a)(4){ TA \s "Fed. R. Civ. P. 23" }. The Sixth Circuit has articulated two criteria for determining adequacy of representation: “(1) [t]he representative must have common interests with unnamed members of the class, and 2) it must appear that the representatives will vigorously prosecute the interests of the class through qualified counsel.” *In re Foundry Resins Antitrust Litig.*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 407 (quoting *Senter v. Gen. Motors Corp.*, 532 F.2d 511, 525 (6th Cir. 1976){ TA \1 "Senter v. Gen. Motors Corp., 532 F.2d 511 (6th Cir. 1976)" \s "Senter v. Gen. Motors Corp." \c 1 }).

There are no conflicts between the ADs and the co-proposed Settlement Classes because ADs and members of the proposed Settlement Classes: (i) purchased in the United States new automobiles containing one or more Relevant Parts; and/or (ii) indirectly purchased one or more Relevant Parts have the same interest in establishing liability, and all seek damages for the ensuing overcharge. *See In*

*re Corrugated Container Antitrust Litig.*{ TA \s "In re Corrugated Container Antitrust Litig." }, 643 F.2d 195, 208 (5th Cir. 1981) (certifying settlement class and holding that “so long as all class members are united in asserting a common right, such as achieving the maximum possible recovery for the class, the class interests are not antagonistic for representation purposes” (internal quotation marks and citation omitted)). ADs and the members of the proposed Settlement Classes also share a common interest in obtaining MITSUBA’s cooperation.

Rule 23(g) requires the Court to examine the capabilities and resources of class counsel to determine whether they will provide adequate representation to the class. The proposed Settlement Classes are represented by counsel with extensive experience in antitrust and class action litigation. They have vigorously prosecuted the class claims, and they will continue to do so through all phases of the litigation, including trial. *See Marcus v. Dep’t of Revenue*, 206 F.R.D. 509, 512 (D. Kan. 2002){ TA \l "Marcus v. Dep’t of Revenue, 206 F.R.D. 509 (D. Kan. 2002)" \s "Marcus v. Dep’t of Revenue" \c 1 } (“In absence of evidence to the contrary, courts will presume the proposed class counsel is adequately competent to conduct the proposed litigation”). The Court appointed Cuneo Gilbert & LaDuca, LLP, Barrett Law Group, P.A., and Larson • King, LLP as Interim Co-Lead Class Counsel in this action and the other automotive parts antitrust cases within Master File No. 2:12-md-2311. *See* Case Management Order No. 3 filed as ECF No. 271. For the same reasons that the Court appointed them to this position, it should appoint them Settlement Class Counsel here.

**B. The Proposed Settlement Classes Meet the Requirements of Rule 23(b)(3).**

To qualify for certification under Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" }, a class must meet two requirements beyond the Rule 23(a){ TA \s "Fed. R. Civ. P. 23" } prerequisites: common questions must predominate over any questions affecting only individual members; and class resolution must be superior to other available methods for the fair and efficient adjudication of the

controversy. *Amchem Prods., Inc. v. Windsor*, 521 U.S. 591, 615 (1997) (“*Amchem*”){ TA \l "*Amchem Prods., Inc. v. Windsor*, 521 U.S. 591 (1997)" \s "*Amchem Prods., Inc. v. Windsor*" \c 1 }; see also *In re Scrap Metal Antitrust Litig.*, 527 F.3d 517, 535 (6th Cir. 2008){ TA \l "*In re Scrap Metal Antitrust Litig.*, 527 F.3d 517 (6th Cir. 2008)" \s "*In re Scrap Metal Antitrust Litig.*" \c 1 }. With respect to both requirements, the Court need not inquire whether the “case, if tried, would present intractable management problems, for the proposal is that there be no trial.” *Amchem*{ TA \s "*Amchem Prods., Inc. v. Windsor*" }, 521 U.S. at 620 (internal citations omitted).

**i. Common Questions of Law and Fact Predominate.**

“Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } does not mandate that a plaintiff seeking class certification prove that each element of the claim is susceptible to classwide proof.” *In re Whirlpool Corp.*{ TA \s "*In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig.*" }, 722 F.3d at 859. Instead, “[a] claim will meet the predominance requirement when there exists generalized evidence which proves or disproves an element on a simultaneous, class-wide basis, since such proof obviates the need to examine each class member’s individualized position.” *In re Foundry Resins Antitrust Litig.*{ TA \s "*In re Foundry Resins Antitrust Litig.*" }, 242 F.R.D. at 408 (quoting *In re Cardizem CD Antitrust Litig.*{ TA \s "*In re Cardizem CD Antitrust Litig.*" }, 200 F.R.D. at 307). Common questions need only predominate; they need not be dispositive of the litigation. *Id.* (citing *In re Potash Antitrust Litig.*, 159 F.R.D. 682, 693 (D. Minn. 1995){ TA \l "*In re Potash Antitrust Litig.*, 159 F.R.D. 682 (D. Minn. 1995)" \s "*In re Potash Antitrust Litig.*" \c 1 }); cf. *In re Scrap Metal Antitrust Litig.*{ TA \s "*In re Scrap Metal Antitrust Litig.*" }, 527 F.3d at 535-36 (holding issues regarding the amount of damages do not destroy predominance). “[T]he mere fact that questions peculiar to each individual member of the class action remain after the common questions of the defendant’s liability have been resolved does not dictate the conclusion that a class action is impermissible.” *Cason-Merenda*

*v. VHS of Mich., Inc.*{ TA \s "Cason-Merenda v. VHS of Mich., Inc." }, 2013 U.S. Dist. LEXIS 131006, at \*19-20 (quoting *Powers v. Hamilton Cnty. Public Defender Comm.*, 501 F.3d 595, 619 (6th Cir. 2007){ TA \l "Powers v. Hamilton Cnty. Public Defender Comm., 501 F.3d 595 (6th Cir. 2007)" \s "Powers v. Hamilton Cnty. Public Defender Comm." \c 1 }). As pertinent to ADs' request here to provisionally certify the proposed Settlement Classes under Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" }, the Supreme Court recently instructed that "Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } requires a showing that *questions* common to the class predominate, not that those questions will be answered, on the merits, in favor of the class." *Amgen*{ TA \s "Amgen Inc. v. Conn. Retirement Plans & Trust Funds" }, 133 S.Ct. at 1191.<sup>4</sup>

Because the proposed Settlement Classes allege conduct from which all proposed Settlement Classes Members' alleged injuries arise, issues common to the proposed Settlement Classes Members—for example, the existence and scope of the alleged price-fixing conspiracy or conspiracies among Defendants, the market impact of Defendants' conspiracy or conspiracies, and the aggregate amount of damage suffered by the class as a result of the alleged antitrust violations—predominate over any individual questions, and therefore class treatment of the claims is appropriate for purposes of this settlement. *See Amchem*{ TA \s "Amchem Prods., Inc. v. Windsor" }, 521 U.S. at 625

<sup>4</sup> The Supreme Court's decision in *Comcast Corp. v. Behrend*, 133 S.Ct. 1426 (2013){ TA \l "Comcast Corp. v. Behrend, 133 S.Ct. 1426 (2013)" \s "Comcast Corp. v. Behrend" \c 1 }, supports the appropriateness of class certification under Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } here. In *Comcast*{ TA \s "Comcast Corp. v. Behrend" }, the Supreme Court found that the plaintiffs failed to establish that damages could be measured on a class-wide basis because only one of the plaintiffs' four theories of antitrust impact could be proved in a manner common to the class. 133 S.Ct. at 1429-31{ TA \s "Comcast Corp. v. Behrend" }. Under *Comcast*{ TA \s "Comcast Corp. v. Behrend" }, plaintiffs must be able to show that their damages stemmed from the defendant's actions that created the legal liability. *See Levva v. Medline Indus, Inc.*, 716 F.3d 510 (9th Cir. 2013){ TA \l "Levva v. Medline Indus, Inc., 716 F.3d 510 (9th Cir. 2013)" \s "Levva v. Medline Indus, Inc." \c 1 }. Here, all of the proposed Settlement Classes's claimed damages—the overcharge suffered as a result of inflated automobile components—stem from the Defendants' alleged price-fixing conspiracies.

(“Predominance is a test readily met in certain cases alleging . . . violations of the antitrust laws.”); *see also In re Vitamins Antitrust Litig.*, 209 F.R.D. 251, 254 (D.D.C. 2002){ TA \l "In re Vitamins Antitrust Litig., 209 F.R.D. 251 (D.D.C. 2002)" \s "In re Vitamins Antitrust Litig." \c 1 } (“[A]s a rule, the allegation of a price-fixing conspiracy is sufficient to establish predominance of common questions[.]”) (quoting NEWBERG ON CLASS ACTIONS § 18.28 at 18-98 (3d ed. 1992){ TA \l "NEWBERG ON CLASS ACTIONS § 18.28 at 18-98 (3d ed. 1992)" \s "Newberg on Class Actions § 18.28 at 18-98 (3d ed. 1992)" \c 3 }). This Circuit has also held “[p]redominance is a test readily met in certain cases alleging . . . violations of the antitrust laws, because proof of the *conspiracy* is a common question that is thought to predominate over the other issues of the case.” *In re Scrap Metal Antitrust Litig.*{ TA \s "In re Scrap Metal Antitrust Litig." }, 527 F.3d at 535 (quoting *Amchem*, 521 U.S. at 625).<sup>5</sup> Furthermore, here the evidence that will prove a violation as to one Settlement Classes Member is common to the others and will be sufficient to prove it as to all—the anticompetitive conduct is not dependent on the separate conduct of the individual Settlement Class Members. *See Packaged Ice*{ TA \s "In re Packaged Ice Antitrust Litig." }, 2011 U.S. Dist. LEXIS 17255, at \*43.

---

<sup>5</sup> Other courts have recognized that the existence and scope of an alleged antitrust conspiracy are matters susceptible to class-wide proof, and thus tend to support a finding that common issues predominate over individual ones as to at least the first element of an antitrust conspiracy claim. *See, e.g., Cordes & Co. Financial Services, Inc. v. A.G. Edwards & Sons, Inc.*, 502 F.3d 91, 105 (2d Cir. 2007){ TA \l "Cordes & Co. Financial Services, Inc. v. A.G. Ill. 2009){ TA \l "Reed v. Advocate Health Care, 268 F.R.D. 573 (N.D. Ill. 2009)" \s "Reed v. Advocate Health Care" \c 1 }; *In re Urethane Antitrust Litig.*, 251 F.R.D. 629, 634 (D. Kan. 2008){ TA \l "In re Urethane Antitrust Litig., 251 F.R.D. 629 (D. Kan. 2008)" \s "In re Urethane Antitrust Litig." \c 1 }; *Foundry Resins*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 408.

This is true even if there are individual state law issues, as long as the common issues still outweigh the individual ones, *e.g.*, as long as a common theory can be alleged as to liability and impact that can be pursued by the class. *See, e.g., In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig.* { TA \s "In re Whirlpool Corp. Front-Loading Washer Prods. Liab. Litig." }, 722 F.3d at 861 (“[I]t remains the ‘black letter rule’ that a class may obtain certification under Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } when liability questions common to the class predominate over damages questions unique to class members.” (internal quotation marks and citation omitted)); *Scrap Metal*{ TA \s "In re Scrap Metal Antitrust Litig." }, 527 F.3d at 535 (where common issues determine liability, fact that damages calculation may involve individualized issues does not defeat predominance). Issues common to the proposed Settlement Classes predominate in this case—all ADs allegedly paid overcharges that were caused by the Defendants’ price-fixing activities. The presence of these common issues of liability and impact predominates over any individual issues and strongly support provisional certification of the proposed Settlement Classes.

**ii. A Class Action is the Superior Method to Adjudicate These Claims.**

Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } also requires that a class action be superior to other available methods of fairly adjudicating the controversy. The superiority of class certification over other available methods is measured by consideration of certain factors, including: the class members’ interests in controlling the prosecution of individual actions; the extent and nature of any litigation concerning the controversy already begun by or against class members; the desirability of concentrating the litigation of various claims in the particular forum; and the likely difficulties in managing a class action. *Dillworth v. Case Farms Processing, Inc.*, No. 5:08-cv-1694, 2010 U.S. Dist. LEXIS 20446 (N.D. Ohio Mar. 8, 2010){ TA \l "Dillworth v. Case Farms Processing, Inc., No. 5:08-cv-1694, 2010 U.S. Dist. LEXIS 20446 (N.D. Ohio Mar. 8, 2010)" \s "Dillworth v. Case Farms Processing" \c 1 }.

Courts consistently hold that class actions are a superior method of resolving antitrust claims like those alleged here. *See In re Universal Serv. Fund Tel. Billing Practices Litig.*, 219 F.R.D. 661, 678 (D. Kan. 2004){ TA \l "In re Universal Serv. Fund Tel. Billing Practices Litig., 219 F.R.D. 661 (D. Kan. 2004)" \s "In re Universal Serv. Fund Tel. Billing Practices Litig." \c 1 } (noting that individual litigation of antitrust claims would be “grossly inefficient, costly, and time consuming”). Here, the interests of Settlement Class Members in individually controlling the prosecution of separate claims are outweighed by the efficiency of the class mechanism. *Cardizem*{ TA \s "In re Cardizem CD Antitrust Litig." }, 200 F.R.D. at 325-26 (finding that class action is superior because it ensures fair and efficient adjudication). Thousands of new-car dealerships purchased automobiles containing one or more Relevant Parts as a component part or indirectly purchased one or more Relevant Parts as a replacement part for an automobile during the class period; resolving these claims in the context of a class action would conserve both judicial and private resources and would hasten the class members’ recovery. *See, e.g., In re Foundry Resins*{ TA \s "In re Foundry Resins Antitrust Litig." }, 242 F.R.D. at 411-12 (“Repeatedly litigating the same issues in individual suits would produce duplicate efforts, unnecessarily increase litigation costs, impose an unwarranted burden on this Court and other courts, and create a risk of inconsistent results”).<sup>6</sup>

### C. The Proposed Settlement Classes Meet the Requirements of Rule 23(b)(2).

If the requirements of Rule 23(a) are met, the Court may also certify a class under Rule 23(b)(2) where: “the party opposing the class has acted or refused to act on grounds that apply generally to the class, so that final injunctive relief or corresponding declaratory relief is appropriate respecting

---

<sup>6</sup> Another criterion of Rule 23(b)(3){ TA \s "Fed. R. Civ. P. 23" } is manageability. The Supreme Court has made clear that manageability need not be considered where, as here, a class is being certified for settlement purposes. *Amchem*{ TA \s "Amchem Prods., Inc. v. Windsor" }, 521 U.S. at 620 (“Confronted with a request for settlement-only class certification, a district court need not inquire whether the case, if tried, would present intractable management problems, see Fed. R. Civ. P. 23(b)(3)(D){ TA \s "Fed. R. Civ. P. 23" }, for the proposal is that there be no trial”).

the class as a whole . . .” Claims for non-monetary relief, like those asserted under state laws that do not recognize claims for money damages by indirect purchaser in antitrust actions, are properly certified under Rule 23(b)(2). The injunctive relief provided in the settlement should be certified under Rule 23(b)(2). See Settlement Agreement, ¶ 28.

### III. Notice to the Class Members.

Rule 23(c)(2)(B){ TA \s "Fed. R. Civ. P. 23" } requires the Court to “direct to class members the best notice that is practicable under the circumstances, including individual notice to all members who can be identified through reasonable effort.” With regard to class action claims that are settled, Rule 23(e){ TA \s "Fed. R. Civ. P. 23" } instructs courts to “direct notice in a reasonable manner to all class members who would be bound by the proposal.” Fed. R. Civ. P. 23(e)(1){ TA \s "Fed. R. Civ. P. 23" }. “[D]ue process does not require actual notice, but rather a good faith effort to provide actual notice.” *Thacker*{ TA \s "Thacker v. Chesapeake Appalachia" }, 259 F.R.D. at 271-72. To comport with the requirements of due process, notice must be “reasonably calculated to reach interested parties.” *Fidel v. Farley*, 534 F.3d 508, 514 (6th Cir. 2008){ TA \l "Fidel v. Farley, 534 F.3d 508 (6th Cir. 2008)" \s "Fidel v. Farley" \c 1 } (citing *Karkoukli's, Inc. v. Dohany*, 409 F.3d 279, 283 (6th Cir. 2005){ TA \l "Karkoukli's, Inc. v. Dohany, 409 F.3d 279 (6th Cir. 2005)" \s "Karkoukli's, Inc. v. Dohany" \c 1 }).

Interim Co-Lead Class Counsel request that the Court allow them to defer providing notice of this settlement until a later time. ADs will submit a motion for leave to disseminate notice and that motion will include a proposed form of, method for, and date of dissemination of notice.

### CONCLUSION

For the foregoing reasons, ADs respectfully request that the motion for preliminary approval be granted and that the Court enter the accompanying Proposed Order:

1. Preliminarily approving the Settlement Agreement;

2. Provisionally certifying the proposed Settlement Classes;
3. Staying the proceedings against MITSUBA in accordance with the terms of the Settlement Agreement;
4. Authorizing Settlement Class Counsel to provide notice of the Settlement Agreement to members of the Settlement Classes at a later time; and
5. Appointing Interim Co-Lead Class Counsel for the ADs as Settlement Class Counsel for this settlement.
